FIN2004X Finance

Semester I 2015/2016

COURSE INSTRUCTOR: Dr. Jumana Zahalka

COURSE TUTORS: As well, depending on your assigned tutorial section, you will be assigned one of a number of potential tutors – details to be announced.

COURSE DESCRIPTION

This course provides students with the foundations to understand the key concepts and tools used in Finance. It offers a broad overview of the financial environment under which firms operate and equips students with the conceptual and analytical skills necessary to make sound financial decisions for the firm.

COURSE MATERIALS

S.A. Ross, R.W. Westerfield, B.D. Jordan, J. Lim and R. Tan (2012), **Fundamentals of Corporate Finance**, 1st Asia Global Edition, McGraw-Hill Education. A financial calculator is also necessary – Texas Instruments BAII Plus Financial Calculator.

PREREQUISITE

ACC1002/ACC1002X Financial Accounting. As well, it is preferred that students have taken the equivalent of BZ1008 Statistics.

ASSESSMENT METHODS

Mid-Term - 30%

Final Examination - 55%

Quizzes - 10%

Class Participation - 5%

- **Mid-Term and Final:** You will be allowed to bring up to two calculators as well as **TWO A4 size sheets of paper** (with any notes/formulas you wish to write, on the front and back of those two A4 size sheets) to the exams. **NO TEXT BOOK OR OTHER NOTES WILL BE ALLOWED.**
- **Quizzes:** There will be **three** quizzes held over the course of the semester (please see the detailed course plan below for details). These quizzes will be drafted by your tutor and will take place during your tutorial session – you must attend your assigned tutorial section. The **best two** quiz marks will count toward your quiz grade. There will be **no make-up quizzes**. All tutorial quiz marks from each tutorial section will be normalized at the end of the semester, such that all tutorial sections will have the same average mark.
- **Class Participation:** Your class participation mark will be allocated by your tutor based on your tutorial attendance, participation in class discussion and (if presentations are assigned by your tutor) tutorial presentations.

ACADEMIC HONESTY & PLAGIARISM

Academic integrity and honesty is essential for the pursuit and acquisition of knowledge. The University and School expect every student to uphold academic integrity & honesty at all times. Academic dishonesty is any misrepresentation with the intent to deceive, or failure to acknowledge the source, or falsification of information, or inaccuracy of statements, or cheating at examinations/tests, or inappropriate use of resources.

Plagiarism is 'the practice of taking someone else's work or ideas and passing them off as one's own' (The New Oxford Dictionary of English). The University and School will not condone plagiarism. Students should adopt this rule - You have the obligation to make clear to the assessor which is your own work, and which is the work of others. Otherwise, your assessor is entitled to assume that everything being presented for assessment is being presented as entirely your own work. This is a minimum standard. In case of any doubts, you should consult your instructor.
